

Company Name: AGRITRADING PTY LIMITED
Product Name: ABSCISSION Plant Growth Regulator
APVMA Approval No: 82577/106120

Label Name:	ABSCISSION Plant Growth Regulator
--------------------	-----------------------------------

Signal Headings:	READ SAFETY DIRECTIONS BEFORE OPENING OR USING
-------------------------	--

Constituent Statements:	20g/L 6-BENZYLADENINE
--------------------------------	-----------------------

Mode of Action:	
------------------------	--

Statement of Claims:	For reducing fruit set, increasing fruit size and improving firmness of harvested apples, as per the Directions for Use table
-----------------------------	---

Net Contents:	1L, 2L, 5L, 10L, 20L
----------------------	----------------------

Restraints:	DO NOT apply when maximum daily temperature is likely to be less than 15oC DO NOT apply later than 30 days after full bloom.
--------------------	---

Directions for Use:	CROP / RATE / CRITICAL COMMENTS Apple varieties: Fuji, Gala, Golden Delicious, Pink Lady, Red Delicious, Sundowner / 9 L/ha in a minimum of 1200 L/ha / Use as a secondary thinner after application of a primary thinner (such as NAA) at bloom. Increase water volume as canopy density increases. Apply when king fruitlets are between 7-10 mm in diameter. This normally occurs 10 to 25 days after full bloom. Spray on a day when the daytime temperature is increasing to a predicted daily maximum of greater than 15oC NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.
----------------------------	---

Other Limitations:	
---------------------------	--

Withholding Periods:	NOT REQUIRED WHEN USED AS DIRECTED.
-----------------------------	-------------------------------------

Trade Advice:	
----------------------	--

General Instructions:	GENERAL INSTRUCTIONS : ABSCISSION Plant Growth Regulator is a secondary thinner designed for use on trees treated with a primary thinner (such as NAA) at or about flowering. Best results from ABSCISSION Plant Growth Regulator will be obtained when foliage is evenly and thoroughly covered with the spray. Timing and temperature at time of application is critical. ABSCISSION Plant Growth Regulator does not increase the incidence of russet when applied alone at label rates. An increase in vegetative growth may be observed following application of ABSCISSION Plant Growth Regulator. MIXING ABSCISSION Plant Growth Regulator mixes easily with water. Add the required amount to a clean spray tank about half filled with water. Agitate while bringing the total volume of the water to the required level. Use the spray solution within 24 hours after mixing. Addition of a non-ionic wetting agent may improve coverage. COMPATIBILITY It is recommended that ABSCISSION Plant Growth Regulator not be mixed with other pesticides, growth regulators or fertilizers. APPLICATION Apply in sufficient water to achieve thorough and even coverage of leaves. Coverage of lower leaf surfaces is important. Apply when king fruitlets are between 7-10 mm in diameter. This normally occurs 10 to 25 days after full bloom. Spray on a day when the daytime temperature is increasing to a predicted daily maximum of greater than 15°C.
------------------------------	---

Resistance Warning:	
----------------------------	--

Precautions:	
---------------------	--

Protections:	PROTECTION OF CROPS, NATIVE AND OTHER NON-TARGET PLANTS DO NOT apply under weather conditions, or from spraying equipment, that may cause spray to drift onto nearby susceptible plants/crops or pastures. PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT DO NOT contaminate streams, rivers or waterways with chemical or used container.
---------------------	---

Storage and Disposal:	KEEP OUT OF REACH OF CHILDREN. Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Triple-rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose,
------------------------------	---

	clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product.
--	---

Safety Directions:	Harmful if swallowed. Will irritate the eyes and skin. Avoid contact with eyes and skin. When opening the container and preparing product for use wear cotton overalls button to the neck and wrist and washable hat, elbow-length PVC gloves and face shield or goggles. When using the prepared spray wear cotton overalls button to the neck and wrist and washable hat and elbow-length PVC gloves. If product in eyes, wash it out immediately with water. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day's use, wash gloves, face shield or goggles and contaminated clothing.
